2015

To all members of Singapore Psychological Society

Dear SPS members,

On behalf of the new Council who were elected earlier this year, I would like to thank members who attended our AGM on 30 March 2013. I would also like to take this opportunity to extend my deepest appreciation to Dr Bernard Lim for his leadership which has increased the interaction and networking of members, both at the professional and personal levels. At a time when professional regulation is being rigorously considered by relevant government ministries, he has continued to place much emphasis on our professional standards. From the lively discussion seen at our last AGM, it is evident that this issue is of utmost importance and concern to all practicing psychologists. To anyone in our community who is receiving any form of psychological services, we have the professional duty to ensure that they are receiving such services in a safe manner so that their mental well-being is optimised. It is with this goal in mind that we, the Council, will endeavour to strive to bring our profession to greater heights during our term in office.

Yours Sincerely,

Clare Yeo
President
