The Community Psychology Hub (CPH), a unit sited within SG Enable Ltd, is dedicated to improving people’s lives through innovative and quality psychological services. We work in active collaboration with partners in the social service and public sector to provide care for people with disabilities and their families in the community. For more information, please visit us at www.cph.sg.

**Psychologist, Senior Psychologist – Strengthening Families**

As part of the Strengthening Families Programme at Family Service Center (FAM@FSC), the PS team is looking for psychologists to provide psychological services to families in distress. The FAM@FSC programme aims to support families and couples who may face greater challenges in their relationships. There are 10 FAM@FSC regional centres. You will be part of a team of psychologists who will provide psychological services to these 10 centres or a psychologist dedicated to one of the centres.

If you are open to new experiences and new ways of doing things, including combining face-to-face and online methods of therapy, and dedicated to helping families in the community, this may be a great opportunity for you to make a difference in the lives of individuals, couples and children.

**Responsibilities**

1. Provide psychological assessment and therapy to individuals, both children and adults, who may be experiencing emotional distress and with mental health concerns arising from marital, parenting or family issues
2. Provide psychological assessment and therapy to help couples, families and individuals to resolve conflict and improve their relationships
3. Provide assessment and therapy to children and adolescents with emotional and behavioural needs
4. Consult, implement and support programme evaluate efforts.
5. Perform administrative duties relevant to clinical practice

**Requirements**

1. Educational qualifications and work experience
   - A recognised Masters’ degree in Psychology (e.g., Clinical Psychology, Counselling Psychology) from an accredited university. The programme must include a supervised practicum and supervised training in psychological assessments
   - Be eligible for registration with the Singapore Psychological Society (SPS) (Full Membership) and Singapore Register of Psychologists (SRP) registration
2. Experience
   - (Preferred) 3 years of relevant experience working with families
   - (Preferred) Familiarity or prior working experience in the social services sector
3. Other qualities
   - Resilient and passionate to individual and family work in the community
   - Energised with new set ups and forging of new partnerships
   - Strong interpersonal skills to engage internal and external stakeholders
   - Ability to work independently as well as in a multi-disciplinary team
   - Fluency in local languages
